Giving Back to our Communities

In this first MITER Foundation newsletter of 2026, we're highlighting our work at America's food banks. Whether it's donating food, writing checks, or volunteering at food pantries, we're doing our part to alleviate hunger in our communities.

Food insecurity is a serious issue in America. According to a 2024 report, approximately 44 million people are food insecure in this country; of that number, roughly 13 million are children.

Through partnerships with groups like the Yavapai County Food Bank and Upper Dauphin Human Services Center, the MITER Foundation and its outreach communities are working to strengthen America by helping to provide food for those in need.

Venice Committee partners with Sarasota Memorial to help young families

The MITER Foundation Executive Committee donated $50,000 to the Sarasota Memorial Healthcare Foundation – the charitable arm of Sarasota Memorial Hospital – during this past holiday season. The Sarasota Memorial Healthcare Foundation used the funds to buy gifts for families in need, and First 1,000 Days Suncoast – a nonprofit that supports families during pregnancy and the baby's first 1,000 days of life – helped locate the families that needed support. The gifts were distributed during a celebration on the Venice campus of Sarasota Memorial Hospital, where approximately 20 team members from our Venice facility helped hand out presents. The MITER Foundation Executive Committee has already pledged a $50,000 donation for next year's event.
